To Tolerate No Gun Work Endangering the Lives of Americans.

**Surrounded by Government Troops Carranza, Rebel Leader in Coahuila, Is Already on His Knees and Begging for Mercy—Pascual Orozco, Jr., Enters the Huertacapital and Is Greeted With Acclaim.**

**(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)**  
WASHINGTON BUREAU OF THE TIMES, March 12.—[Special Dispatch.]  
Pascual Orozco, Jr., leader of the rebel forces in Mexico, has been given to the federal administration that "under no circumstances" must firing be tolerated across the border of the Mexicans which menace American interests. The development on the heels of President Wilson's statement that "we can have no sympathy with those who seek to seize the power of government to advance their own personal interests or ambition," is regarded as highly significant that the new administration will not tolerate any acts on the part of the Mexicans which menace American interests.

Formal demand that firing across the border must not be allowed was made to Col. Obregon, commanding the State troops in Sonora, and to Col. Kosterlitzky, commanding the Federal troops at Nogales, Mex., by American Consul Simpich, acting on instructions from the Department of State. Consul Simpich delivered the warning in person, according to a message reaching the State Department to-day.

The much concern over the situation in Sonora and Coahuila, serious trouble is threatened across the border from Nogales and it was because of the probability of a battle in that vicinity that the warnings were issued.

MEXICO CITY, March 12.—Surrounded by government troops, Venustiano Carranza, the rebel Governor of Coahuila, who refused to recognize the Huertac administration and initiated what appeared to be a formidable revolt, is today suing for peace. Carranza is said to have 2000 men.

Mauricio Gomez Aldega, named as Minister of Agriculture, who was sent north by the government to effect a reconciliation, was telegraphed to President Huerta asking for the rebel Governor. Alberto Guadalupe, commander of the rurales, who joined the Carranza movement, officially is reported to have surrendered.

Pascual Orozco, Jr., returned to the capital tonight, and was greeted by the men who have been fighting him for a year.

The final conference regarding peace settlement between Orozco and the government will be held this week probably at the National Palace. Orozco and his advisers will try to

**(BY DIRECT WIRE TO THE TIMES.)**  
YUMA (Ariz.) March 12.—[Exclusive Dispatch.]  
As train No. 4 rolled into Yuma from the west tonight the passengers looking out the windows did not see as usual a crowd of Indian women waiting at the station selling beads, but saw instead on the California side of the Yuma bridge about 100 women, old and young, standing around the corpse of their former chief. The body of Chief Gray was then taken by his faithful followers back among the willows and cremated according to the custom of the Yuma Indians. A hole was dug in the earth, and the body was laid in it, and the remains upon the heap, and then, piling up great stacks of mesquite and willow wood upon the lifeless form, they lighted the pyre amidst the shrieks and hysterical singing of the mourners.

After the fire had died down clothes, money, beads and other valuable articles were thrown on the smoldering embers. All these articles were willingly sacrificed by the living comrades of the old chief who find awaiting him when he arrives at the Happy Hunting Grounds, they believe. According to the Yuma tale, the soul remains four days on earth after death, and then starts on its upward journey. The Yuma believe that not only does the soul find its rejuvenated body in the happy country, but that also if he be properly tattooed he finds everything that was sacrificed on his funeral pyre.

Instructor in Physical Training Requests Board of Education for Year's Leave in Order to Bring Into World Perfect Child But Members Deny Application.

**(BY DIRECT WIRE TO THE TIMES.)**  
NEW YORK BUREAU OF THE TIMES, March 12.—[Exclusive Dispatch.]  
Mrs. Katherine C. Edgell, teacher of physical training in the Erasmus High School, Brooklyn, who asked for a leave of absence for one year without pay, in order to have a baby, must abide by the by-laws of the Board of Education. By a vote of thirty-two to five at a meeting of the board this afternoon, it was decided if Mrs. Edgell wants a year's leave she must take it subject to the rules, which means that her \$2500 position is to be declared vacant after a certain specified time and if she ever wants to get back into the department she must start all over again.

The case attracted considerable attention because of the frankness of the woman. She set forth her reason for requesting the suspension of the laws was to allow her to go away for a year for the purpose of bringing a perfect baby into the world. She is a magnificent woman and an athlete.

SACRAMENTO, March 12.—[Exclusive Dispatch.]  
Senator Caminetti, former State Architect, and P. Drew Caminetti, former clerk of the State Board of Control and son of Senator Caminetti, with contributing to the dependency of their minor children by deserting their wives and families, Saturday night, and skipping out to parts unknown with Marsh Warrington and Lola Norris, both members of prominent local families, were sworn to before Judge J. W. Hughes of the Juvenile Court this afternoon.

### FATHERS INVOKE THE LAW.

**E. H. Warrington, Father of Marsh Warrington, Swore to a Complaint Charging Diggins with Abandoning his Daughter, Evelyn Diggins.**  
W. E. Norris, father of Lola Norris, swore to a complaint charging Caminetti with abandoning Naomi Caminetti, his infant daughter.

The complaints, which are according to the provisions of the Juvenile Court law, aver that Diggins and Caminetti on Saturday night contributed to the dependency of their children by leaving the city in company with a certain "Mary Roe," by deserting their wives and families, they are alleged to have made their children dependent.

Inspector of Police Keating said this afternoon that photographs and descriptions of Caminetti and Diggins and the young women with whom they are alleged to have eloped will be sent to the police.

### HAS A CLUE.

**Keating says that he has a clue that indicates the quartette left on Southern Pacific train No. 10, east bound, Saturday night, when they were alleged to have eloped with the Sacramento society, despite rumors to that effect.**

As the Juvenile Court law has jurisdiction over all persons under 21 years old Diggins and Caminetti may also be charged with contributing to the dependency of the girls with whom they skipped out, as one of them, at least, is under 21.

### FAVORITE OF SOCIETY.

**Miss Warrington is a very pretty girl of about 18 years. Since her arrival in this city with her parents several years ago, she has been taken into the best Sacramento society. She also figured prominently in social functions in San Francisco and Oakland.**

Miss Lola Norris, who is about the same age as Miss Warrington, is the only daughter of Mr. and Mrs. Edward Norris and became friendly with Miss Warrington while attending the High School.

If found guilty to contributing to the dependency of their children, the men can be sentenced to a year's term in the County Jail.

### BANKER'S STATEMENT.

**Joseph H. Stephens, vice-president of the P. Sutter National Bank, today denied a report that Diggins had by means of a friend, drawn money from the P. Sutter bank yesterday.**

Stephens declared Diggins had closed his account with the bank last Saturday and since that time the bank has had no business with him or with anyone representing him.

Some of the detectives are of the opinion that Diggins and Caminetti are holding the girls in some home near Sacramento. It is known that both the young men are friendly with a number of roadhouse proprietors. It is said the elopers would be as safe from detection in a roadhouse as in a mill. The local militia, however, has been armed with search warrants thoroughly searched each house.

Diggins' father, a wealthy resident of Berkeley, came to Sacramento last night on receipt of information that his son was in trouble again.

### WAR DEPARTMENT INTERESTED.

**The purchase of the only two courts of California but the withdrawal of the rights of citizenship may be visited on Drew Caminetti.**

As first sergeant of Co. E, N.G.C., Caminetti is subject to the censure of the War Department. Providing the charges are proven against Caminetti, he will be dishonorably discharged. Even if drastic action is not taken, Caminetti will be reduced to the ranks and then dropped from the militia. The local militia officers will not countenance such conduct from enlisted men or commissioned officers. It is stated that he will be shorn of his chevrons at the next meeting of the company Monday night, and then other dishonorably discharged dismissed for the good of the service.

**Poisoning Suspected.**

**(Continued from First Page.)**

family and a peculiar state of affairs surrounded him for the last year. Mrs. Eaton, the widow, who was Jennie Harrison of Alexandria, Va., was questioned by the authorities, and also Miss Dorothy Alsworth, a stepdaughter, but they could throw no light on the mystery.

**DENIAL BY WIDOW.**

Mrs. Eaton denied that that there is any mystery in her husband's death, which she declared was due to natural causes.

When told about the investigation by the State police she said:

"For two years I have been afraid that if anything happened to Joe they would blame me for it, and now they probably will. The admiral has been in poor health for two years. The idea of their insinuating that anything was wrong there is absolutely nothing out of the way. It is an outrage."

The widow and her mother, Mrs. George Harrison, both discussed the case freely. Mrs. Harrison explained that the admiral had been subject to frequent attacks of indigestion. On the Wednesday before his death, she said, he ate rather heartily of roast pork and later suffered some distress. Friday a physician who had been called to attend her found the admiral indisposed and prescribed also for her.

**FOUND DEAD IN BED.**

That night, she continued, Admiral Eaton experienced a chill, but was relieved and before he fell asleep chatted for several minutes with his wife. Early the following morning Mrs. Eaton awoke to find her husband dead beside her in the bed.

Mrs. Eaton caused a sensation in 1909, when she charged that a baby she had adopted had been poisoned. Charges and counter charges made at the time caused an estrangement between the admiral and his wife, who is twenty-four years younger than he. At the time, the baby's stomach was examined in Harvard and a report made that no poison had been found. Then there came a reconciliation, which lasted to the time of the admiral's death.

**NAVAL CAREER.**

Rear-Admiral Eaton was 60 years old and was famed as the first commander of a United States warship to enter the harbor of Hawaii after the signing of the armistice ending the Spanish-American War. He was born in Alabama and graduated from the Naval Academy in 1867. He commanded the Resolute during the Spanish War. During the chase of the Colon, July 3, 1898, he took aboard 542 prisoners from the sunken warship.

His widow is a descendant of former President Harrison and was a prominent social figure in Washington. She had divorced D. E. Alsworth, when she met Rear-Admiral Eaton, and had two daughters—June, aged 28 years, and Dorothy, aged 15—who live with her in Norfolk.

**INTERMENT AT LOWELL.**

Accompanied by the widow, Dorothy Alsworth and Mrs. Ralph Keyes (who was Miss June Eaton), the body of the rear-admiral was taken today to Boston and thence to Lowell, Mass., where interment took place.

**Our Talking Machine Dep't demanded more room—we have now provided it.**

Our entire third floor is now given over to the talking machine department. This expansion means still better service for the ever-growing throng of people who come here to buy.

**Victors, Edisons and Columbias**

We have added more record rooms, more talking machine salerooms—which mean greater convenience and comfort for our talking machine trade. This department now covers the greatest space used for this feature of the music business by any house in the entire West. This much-needed expansion is the result of the increasing interest in our talking machine business. We are now able to offer still better service, facilities and conveniences than ever before. We urge you to come and see us now in this splendidly equipped department.

**AGREE ON D. P. CARTER.**

California's Democratic Congressmen will recommend Los Angeles Businessman for Revenue Collector.

**WASHINGTON BUREAU OF THE TIMES, March 12.**—(Special Dispatch.) While the three Democratic Representatives from California are proceeding slowly in making endorsements of applicants for office, it is understood that they are agreed on L. P. Carter, a well-known businessman of Los Angeles, for Collector of Internal Revenue for the Southern District of California. Carter also has the friendship of Senator Works. The Congressmen have also agreed upon several postmasters.

Joseph N. Test of Portland, who was a candidate for Secretary of the Interior, has declined the appointment as first assistant secretary under Franklin K. Lane, but he is being urged to reconsider. He was probably acceptable to most of the westerners, although some of them complain that he is too much sympathetic with the so-called "fish" policy.

are now in service. The work these motors have done is ample proof of the correctness of Cadillac principles of construction and Cadillac standards of workmanship.

**Actual Horsepower an Engine Develops**

Horsepower cannot be determined by mathematics. The thing that determines the actual rating to which a car is entitled is actual power it develops. Cadillac cars and workmanship in the building of its motor result in the delivery of more power to the rear wheels than any engine its size and many of larger dimensions.

The advantages of the copper water jackets, the advantages of gauging 400 operations in the car's construction to the thousandth part of an inch cannot be told in a limited space. Suffice to say that the Cadillac motor is the most expensive to build and it has features of workmanship and construction found in no other motor car, regardless of price.

**ONE CATALOGUE THAT IS DIFFERENT**

The catalogue tells the story. You say all catalogues are alike. Almost all—there is one different—one that may hold a few surprises for you. If you are considering the purchase of a motor car costing from \$2000 to \$6000 and do not at least read the Cadillac catalogue, you are doing yourself an injustice.

MEETS ISSUES AS THEY ARISE.

President Decides Against a Set Programme.

To Delay Special Session at Least One Week.

Wilson Expects to Control Senate Committee.

BY A. P. NIGHT WIRE TO THE TIMES.

WASHINGTON, March 12.—President Wilson has decided upon a policy of meeting legislative developments as they arise rather than planning a programme for the extraordinary session of Congress. This, it was learned from the White House today, will be the President's answer to those who are urging that currency legislation, Philippine independence, alien questions and other subjects be taken up in the extra session.

The President was advised by Representative George Vandenberg, Democratic majority leader, as to the nature of the bills being proposed by the Ways and Means Committee. He learned that the committee was working rapidly, but that it might not be ready on April 1, the date originally fixed for the opening of the new Congress. Vandenberg thought at least a week more should be given to preparation. At this time Mr. Vandenberg's office had no word from the committee. He was no doubt that he will name a bill when he feels it is ready. The suggestion that only tariff revision be attempted at the opening of the new Congress, from the committee, might be a subject for discussion and interfere with it. Assurances have been given, however, that the committee will not attempt to do so. POLICE LOCATE MORE LOOT.

Passena Woman Recovers Breast Pin and Two Rings—Mrs. Conn Had Large Amount of Stolen Goods.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SAN FRANCISCO, March 12.—Mrs. Owen D. Conn, alias Pope, secretly cached a large amount of loot before her supposed departure for Chicago, and the police believe the total of Conn's thefts was far in excess of \$100,000. Detectives refused today to disclose the location of the jewelry, but said positively that the loot had been located, and that the place was being watched in the hope of catching other members of the thieves' ring.

The jewelry recovered at the hotel, that was found at the pawnshop, and today's find will make up the largest collection of stolen goods ever recovered in the city, said Captain of Detectives Mooney. Hundreds of persons viewed the display of jewelry at the office of the property clerk at the City Prison today. The jewelry was recovered by positive identifications of all or portions of their property. Mrs. Anna Farbridge of Pasadena, from whose home jewelry valued at \$10,000 was taken, arrived here today and was rewarded for her journey by the recovery of a breast pin and two rings. Other loot identified was the spoil of Bay City burglars.

On Your Way Home Why Not Stop At

San Antonio, Texas?

It is a city of pictures, where the early Fathers and the Don built missions and chapels that stand yet—where stands the old Alamo, famed in history for the only battle of its kind.

It is on your way back East—you can get stop-overs by merely asking the ticket agent.

The booklet, "San Antonio," a booklet de luxe on the same kind of a city, will be sent at the behest of a postcard.

"JACK" NORWORTH WEDS.

Ex-Husband of Nora Bayes, the Actress, Said to Have Married Mary Johnson.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO BUREAU OF THE TIMES, March 12.—[Exclusive Dispatch.] Information that "Jack" Norworth, who was divorced two weeks ago by Nora Bayes, is again married came in a letter from Miss Bayes to Lou Houseman.

Norworth's second wife is said to be Mary Johnson, once a member of the "Little Miss Fix It" company. The ceremony is said to have been performed in the West and the couple are now reported to be in Los Angeles. Nora Bayes is playing in Kansas City. She still denies her marriage to the leading man in her company, although their marriage license and the minister who married them both stand as evidence of the fact.

The new Mrs. Norworth is well known in theatrical circles. She and costume dancer last night, but was too ill to receive them and the Duke did the honors alone.

**Wilson Warns Mexicans.**  
(Continued from First Page)  
town, 650 State troops under Elias Galles arrived and a provisional municipal government was set up. Late this afternoon twenty-four of the guards left by Gen. Ojeda departed to the rebel standard and the six who refused to join the Constitutionalists were ejected from the town. Unarmed men from Douglas crossed the border tonight and reinforced the rebel garrison. The new arrivals found 18,000 rounds of ammunition, some rifles and camp supplies, left by the Federalists in their haste.

Tonight those in control of the border town and port are celebrating the bloodless victory. "Viva la constitution," is the cry resounding through the streets of the little Mexican town.

While the troops paraded the streets in hilarious fashion, Col. Galles said that no American need have fear of disorders. He has sent word to Douglas for all refugees to return and be assured of protection. A provisional municipal government and customs-house service will be established immediately.

**NOGALES, March 12.**—The State of Sonora, south of Sonora, has revolted officially against Huerta's national government and named a provisional Governor, according to reports of persons arriving here today from Hermosillo.

The report that the Yagui Indians of Sonora have volunteered to assist the insurgents.

**GONZALES'S DEATH A SENSATION.**  
Killing of Governor of Chihuahua May Cause Postponement of Popular Elections.

**MEXICO CITY, March 12.**—[Exclusive Dispatch.] The killing of Gov. Abram Gonzales of Chihuahua, while he was held as a Federal prisoner of war, has created a sensation in Mexican political circles, and has, according to a high authority here, caused the postponement of the popular elections for six months at least. It has also added much to the unrest in certain circles throughout Mexico.

Gonzales, like Madero and Suarez, and several other officers of the Madero regime who were captured and held as prisoners of war, was killed while he was supposedly trying to escape.

Maderista leaders in the north are reported to be preparing a statement that is to lay bare the alleged "inside facts" of Gonzales's death, that will "shame the American nation."

Gravely facing the uprising in the north, now admitted serious, the government is feverishly preparing for a gigantic struggle with Gen. Carranza's forces which it is now apparent must come. Several thousand troops, some of whom are said to have been started for Coahuila, and other bodies of men will be sent north daily.

**TWO MORE STATES INVOLVED.**  
Constitutional Uprising Extends to Sinaloa While Rurales Revolt in Guerrero Although South Is Quiet.

**WASHINGTON, March 12.**—The new uprising in Sinaloa confirms the views of general staff officers who have been expecting an extension of the so-called constitutional rebellion to that section of Mexico.

It was decided to keep Rear-Admiral Southernland on his flagship Colorado on the west coast for it is believed that the insurgents would soon be looking for a port on the Gulf of California to afford easy means of procuring arms and ammunition.

Rurales in Guerrero have revolted, according to the State Department reports today, but the movement does not appear formidable. Most of the principal chiefs in that section are surrendering to the provisional government. The south of Mexico otherwise seems quiet.

**REBELS CUT COMMUNICATIONS.**

Decided Drop in Temperature With Prediction of Snow in the Dakotas, Wyoming and Nebraska.

**BY FEDERAL (WIRELESS) LINE TO THE TIMES.**  
CHICAGO BUREAU OF THE TIMES, March 12.—[Special Dispatch.] Snow fell in Montana today and the temperature took a plunge downward. Snow is predicted for tomorrow in the Dakotas, Wyoming and Nebraska. Rain will also fall in the next twenty-four hours in Kansas and Nebraska, and the temperature will drop. It is cloudy and weather conditions generally over the country tonight are unsettled.

"There may be a drop of 15 to 25 deg. in the temperature in Montana, North and South Dakota and a part of Nebraska within the next twenty-four hours," said Forecaster Frankfeld tonight. "No severe cold weather, however, is in prospect any place in the United States. As the temperature, generally speaking, is above normal, a drop of 15 to 25 deg. will make no big difference."

**SAYS KOHLER HID BEHIND ICEBOX**  
Witness Tells of Finding "Golden Rule" Chief.  
Forced His Wife to Leave House That Night.  
Defense Declares Business Was Cause of Visit.

**On the night of June 5, 1912, Schearer said he smashed a window in his home after midnight and went through the house, found Kohler hidden behind the icebox in the kitchen. "You've got me," Kohler exclaimed, according to Schearer. "Now, what are you going to do with me?" Schearer described Kohler and his wife as being in "seamy attire."**

Schearer said he insisted that his wife must go away that night and that he asked Kohler to provide a place for her to stay.

**MRS. SCHAEAR LEAVES.**  
Finally, Mrs. Schearer left the house, Schearer said. He admitted that Kohler had said he had come there the evening in the expectation of meeting other parties.

The prosecution then rested and Dr. Maurice Budwig, first witness for the defense, testified that he had prescribed for Kohler while the Chief was at home in bed on February 2, the date of his first alleged visit to the Schearer home.

Probably not before tomorrow will Kohler take the stand, and give his version of the events, described by Schearer.

It is said, Chief Kohler will seek to prove that his visit to the Schearer home on the night of June 5 was made on official business.

**LAWYER PLAYS HAWTHORNE.**  
Trial of Mining Promoters on Fraud Charge Ends with Scathing Arraignment of Novelist's Son.

**NEW YORK, March 12.**—The Hawthorne trial, in progress since November 25, virtually came to a close tonight. The government concluded its summing up with a scathing arraignment of Julian Hawthorne, Josiah Quincy Freeman and Dr. William J. Morton as swindlers in their exploitation and sale of stock of Canadian mining claims. United States Judge Mayer will charge the jury tomorrow morning. The defendants are accused of making fraudulent use of mails.

The characterization of Hawthorne and Quincy by United States District Attorney Wm. H. Scharrer at one point, Mr. Wm. replied:

"We all know some of these men have names that have become famous. Theirs is the greater crime because they have prostituted them. The penitentiaries are full of men who have good names and have used them to defraud others."

**CUPID MAY STOP DEPORTATION.**  
Novelist, Under Charges by Immigration Officers, Marries Wealthy Oregon Stock Raiser at Tacoma.

**TACOMA, March 12.**—[Exclusive Dispatch.] Elsie M. Hawthorne, author of the novel, "A Year Without a Chaperone," and many short stories, was married at Walla Walla last night to John A. McNeill, said to be a wealthy stock raiser of Sherman county, Oregon.

For several weeks the Federal government has been trying to deport Miss Hawthorne on the ground that she is unlawfully in the United States. When immigration officers filed complaint against her at Walla Walla in February, it was alleged she was friendly with a woman who kept a suspicious place at Walla Walla and had once resided in the same house. Miss Hawthorne had many friends who vouched for her and complained against the government's activity. It is believed her marriage to an American citizen will stop the effort to deport her. She is said to be a native of Canada or England.

**SAVING-- 5c A DAY**

Every time you spend a nickel carelessly, you toss away the work of ONE DOLLAR AT 5% for a whole year.

Throwing away a dime is losing the work of TWO DOLLARS. Wasting a dollar is squandering a year's interest on TWENTY DOLLARS.

Do this once a day, and you dissipate a year's income at 5% on SEVENTY-THREE HUNDRED DOLLARS.

Had you thought of it in this way? Most people don't until they begin to save. Start your fund now.

Saving FIVE CENTS daily for one year is equal to having THREE HUNDRED AND SIXTY-FIVE DOLLARS working for you for 365 days at 5%.

Saving TEN CENTS a day you accumulate an amount equal to a yearly income of 5% on SEVEN HUNDRED AND THIRTY DOLLARS.

Saving ONE DOLLAR daily is exactly the same as 5% interest on SEVENTY-THREE HUNDRED DOLLARS for one whole year.

5c daily buys 100 of our shares; 10c daily buys 200 shares; \$1.00 daily buys 2000 shares (See table for payments.)

In the year you will save as much as if you had \$365, \$730 or \$7300 out at interest for 365 days at 5%.

All payments made before the 31st receive the full quarterly dividend for the three months ending March 31st. Present rate 10 per cent on par.

**Witness,**  
gress of the investigation of the affairs  
ment Company yesterday.

witness yesterday, stated that a di  
rectorate in the company, along with  
290 shares of stock, had been forced  
on him and that so far as he knew no  
meeting of the stockholders was ever  
held. He further stated that two of  
the five original directors were un  
known to him to this day.

In denying the defendant's demur  
rer, Judge Wellborn pointed out that  
no like question had ever been passed  
on in this State and that no forecast  
of the Supreme Court's action could  
be made. "Courts in other States have  
rendered varying decisions on like  
questions, so we have absolutely no  
precedent on which to base a de  
cision."

**JOSEPH AND HIS BROTHERS.**  
The rehearsals are in progress for  
the production of "Joseph and His  
Brethren," in Gamut Club auditorium  
on the evening of March 22, by a

More than 100 children and a large number of older girls will take part in these and are now rehearsing the script and costume changes under instruction. It is declared to be the greatest production ever attempted in Hebrew circles on the Pacific Coast. The play will be staged at the Winstock, who has written special ballad music for the occasion.

**HANKS  
ED BY A BUMP**

While appearing at the Orpheum, Madame Bernhardt has been occupying a suite of rooms at the King George Hotel, Venice. There she says it is worth any artist's trouble, "in going back and forth to have the benefit of the open sea and the fresh breeze blowing from the water."

Last night she was coming to the city in her automobile, driven by a chauffeur from the South of France. Because of a late lark along the beach, the great Sarah was slightly behind time, and catching Minister teased the "speed cars" in making time to the theater.

When the car was crowding at Green shaw boulevard and Washington street, a motor truck rumbled along in front, and before Minister could bring his wheel the auto bearing the great actress bounced into the rear of the truck. Madame Bernhardt was thrown to the bottom of her car by the impact. Eddie Miner went over the steering wheel into the gutter, bruising his head.

When Madame Bernhardt crawled to the street she could walk only with the aid of her chauffeur, who found her ankles had been severely bruised.

She gave one look at the debris strewn about her, and then turned to the driver of the auto truck and cried:

"The theater, the theater; I must be at the theater!"

The truck looked at her coolly, not quite understanding her denunciation of him because of what she called the "great French accident."

He asked her four times what she meant when she tried to pronounce the words "theater," and when she said, "actress, then," he asked quietly:

"Be it, be it," yelled the illustrious actress. "I be, you idiot; take me there!"

Then Eddie Miner whispered into the truck driver's ear, who the great actress had just called an idiot, and the truckman was too confused to make any suggestions whatever. He stood at the very end of the street, wondering what the more excited actress became.

She came A. C. Brode of No. 64 South New Hampshire avenue, a wealthy soap manufacturer, who rented all the automobiles was crowded at the very of the street, and offered Sarah a seat on his lap, which the actress immediately accepted. She insisted on taking Eddie Miner in to car with her, and the only place for Miner was on her lap, so he rode there, and when he got to the Orpheum found she was still in time for her act at the playhouse she laughed the most at the fact that she had a \$5 gold piece into Miner's hand, so she said she had the best time she had while on the road.

She said she was not seriously hurt, and says her ankles are not seriously hurt.

### ROUGHING IT HERE.

Popular Author and Humorist, En Tour on Still Hunt for Magazine Material.

Irvin Shrewsbury Cobb, is at the Alexandria. According to George Horace Lorimer, Cobb is in this part of the country to secure a series of stories on roughing it in the West. From the imposing nature of Cobb's suits it is to be judged that Cobb is having a distinctly hard trip.

The noted humorist, considered by many authorities the foremost humorist in America today, is a very large man, which accounts in a measure for the rotundity of his work.

As a Democrat, he has never had much light to shine in until recently, and Cobb is of the abiding belief that the best and most joyous event in the history of modern America was the election of President Wilson.

Cobb enjoys an enviable reputation as an interviewer. His "Live with Dead Ones" helped to make him famous a few years ago, and ever since his profile pen has been doing the pages of the best selling magazines of the United States. He described "New York Through Funny Glasses" in a manner that shook the great metropolis with laughter. In addition to his magazine work, he has written a number of plays, among them, "The Yeggman" and "Mr. Bunybody."

Cobb started his western investigations at the Grand Canyon and will continue on to Seattle and Portland.

### CURTAIN UP EARLY.

Fire and Policemen's Emergency Fund Theatrical and Operatic Performance at Auditorium.

Owing to the length of the programme for the Police and Firemen's Emergency Fund benefit theatrical and operatic production at the Auditorium this afternoon, the performance will begin promptly at 1:15 o'clock.

One of the biggest attractions are the firemen's band, which will perform a number of songs.

After the performance this afternoon, the committee in charge of the fund will direct all its attention and energy to the completion of plans for the fire-lighting spectacle at the Stadium Monday, which the fire and police departments will take part.

### APPEAL UNANSWERED.

Wealthy Parents of Dartmouth College Undergraduate in Trouble Here Manifests No Interest.

Edward W. Reed, Dartmouth College undergraduate, and son of a wealthy Boston family, arrested here for Chicago authorities, who say he wanted them on a charge of having passed a fictitious check for \$250, was informed yesterday that his father has refused to answer telegrams sent from here in his behalf.

and that the Governor of Illinois has issued requisition papers. Reed has maintained since his arrest, almost a week ago, that his father, when apprised of his predicament, would redeem the Chicago check.

A. S. Jones, a local realty operator, a former business associate of Reed's father, said yesterday that he has received no answer to the telegram sent in the boy's behalf. Chief J. J. Halpin of Chicago wired yesterday that an officer, with requisition papers, will arrive here Saturday afternoon for Reed.

## Guarantee Fund-Perpetual

—The Guarantee Fund—now amounting to over \$238,000.00—was donated by stockholders of this company over 16 years ago, to be a perpetual protection to small stockholders.

—When the present issue of the Company's stock (now almost gone) is sold, the Guarantee Fund must continue to safeguard and protect all small stockholders just as perfectly as it has done in the past—The Fund has been donated and it, or its earnings, cannot be withdrawn.

## \$238,000.00 Managed by Bankers Money Back to Small Stockholders

—This \$238,000.00 Guarantee Fund, donated for the sole purpose of protecting small stockholders, is managed and controlled by officers of the Globe Savings Bank of Los Angeles. Under their long and splendid management, the Fund has always without exception given money back on demand—and never has an investor in the Company's stock ever failed to have his money returned to him upon request.

### Survived 1907

### \$1,600,000.00

—The Guarantee Fund has passed the "acid test" of financial stress—it successfully withstood the panic of 1907, and during that time purchased over \$108,000.00 worth of stock—or every share offered to it. The Fund then was only \$10,000.

—To date the Fund has purchased for spot cash over \$1,600,000.00 worth of stock from those who wished to dispose of their holdings. The record stands—never once has it failed to give money back on demand.

—In addition to the Guarantee Fund, any officer of the Los Angeles Investment Company will give to any small stockholder wishing it a personally signed agreement guaranteeing him absolutely against loss on his investment.

## "VAST" TREASURE UNDER RUINS

KIDNAPERS MAKE CHARGE OF SCHOOLS.

Ten Dollars' Worth of Silver Recovered and More Sought—Savings of Boys and Girls, Cafeteria Fund and Ring Missing.

There's a buried treasure in the city that makes old Trowman look like a penny savings bank. This treasure, the school children's savings, is hidden in the ruins of the Custer-street school building, which was destroyed by fire a few days ago.

The workers who are away the debris are making a search for this money. They have found only \$10 in silver, but they are sure that there is more. Of course there are many more thousands of dollars in the savings of the children. The school children's savings, which are being collected by the school, are being kept in a safe in the ruins of the Custer-street school building, which was destroyed by fire a few days ago.

## RATTLING BONES IN BOARD CLASH

EDUCATORS ASKED TO APPLY WHITEWASH.

Old Members With Stomachs—City Council Agrees to Repeal of Ordinance in Board Meeting.

LONG BEACH, March 12.—The Board of Education of Long Beach, Cal., met last night and was promptly adjourned after a session of several hours in session. The rattling bones of the board members were heard in the shape of a constitutional amendment proposed by the board.

The amendment proposed by the board was to change the board from a five-member body to a seven-member body. The board members are known as the "rattling bones" because of their constant clashing.

## Cooking as a Fine Art. FOR WOMEN HOMEKEEPERS.

FASCINATING TALK ON A FASCINATING ART.

Open House and Free Lessons  
Three Days in the Week, on Monday, Wednesday and Friday, in Afternoon, Second Floor New "Times" Building.

The announcement that Lady Baltimore cake would be on the menu at yesterday's lecture and demonstration called out a big crowd of women anxious to learn the secret of concocting this famous confection.

When Mrs. Halpern-Ginger appeared on the platform she bore in her hands a big, beautiful Lady Baltimore cake that she had made during the morning hours. It certainly looked a confection, with its snowy icing, decorated with red cherries, walnuts and currants.

Later, it was out and passed about and the proof of that cake was surely in the eating. Then the cook lady proceeded to make it twin before the audience.

"White loaf cake is the foundation of the Lady Baltimore," she said. "There are all sorts of controversies about the manner of making it, but I have a special rule I follow," and she proceeded to put the cake together. "What I want you to notice," she said, "is the way I put the materials together; never mind about the amount; you can get that from The Times report in the morning."

**Lady Baltimore Cake.**  
Whites of seven eggs; two and one-half cups of flour; three-fourths cup of butter; one-half cup water; one and one-fourth cups granulated sugar; two teaspoons baking powder. Cream the butter and sugar (warm sugar very slightly if butter is cold) never warm the butter; pour water on top of butter and sugar; pour whites on top of water; (don't stir water in butter and sugar); then add flour and baking powder that has been sifted together; add extract; beat hard till fine as velvet; pour into ungreased tins; let it rise to top of pan; then increase heat and finish baking rapidly as possible without burning. Watch oven as for angel cake and cool oven in same manner; when cake is done, it will feel firm under finger-tip touch; don't bake too dry.

**Trays on Tea Wagon.**  
"Handy little thing, isn't it?" remarked the cook lady as she indicated the trays on wheels which stand beside the table in her model kitchen, where she demonstrates her dishes at the public lectures.

This little tea wagon, which is its professional name, is nothing more or less than a couple of large white enameled trays mounted on a frame, one above another, with wheels on the legs so that it can be easily pushed about, and it holds a multitude of things—all sorts of culinary articles necessary to the concocting of the various dishes demonstrated.

**Here's a Beauty Hint.**  
"Ladies, do you know what is the very best thing in the world for the complexion?" asked the cook lady the other day, as she measured cream for whipping. "Thick sour cream. It's the best thing I know of for the skin; it is a bleacher and it softens the skin too, and, best of all, it's absolutely harmless. Now let me tell you a secret. Every one of these face creams that the druggists and beauty doctors advocate contain petroleum in one form or another. They may tell you different, but I'll tell you how to test them for yourselves. Did you ever taste kerosene oil? If not, just try it. It is a taste you will never forget. Then, when you go to buy face cream, just touch the tip of your tongue to a bit of it—and believe me—you'll find that unmistakable flavor of petroleum there. I've done it dozens of times. Now, what is the effect of petroleum on the skin? It cleanses it—just as kerosene oil cuts the grease and cleanses the sink—but, ladies, it also dries and takes all the natural oil out of the skin and injures it."

Ford Harding, the popular comedian with the Keystone Film Company, was to appear in person at the Garrick this evening and be introduced during both performances.

The melodious "Almond Quartette," composed of Fred Maco, Charles Murray, Gus Pixley and David M. Hartford, which is to appear at the Garrick, will sing at the Metropolitan Auditorium, made a request to Dick Ferris, stage director, for a "prop" list numbering sixty-seven articles. Among the "props" requested were the following: One pair fireman's hose, size 12; one pair Maxima fire arms, size 12; three shirts.

The big gas-driven car as heard in the picture was not a new car. It was that engineers had to make and make it easy on the wheels to be more easily operated by gentler sex.

"I believe that the day is not distant when there will be no automobile without gears. Of course, gears are not likely to work on mechanical parts, but they will design bodies, upholstery, etc., etc. During the last few years, I have noticed many women coming through the factory as couples for women, and they are caused us to believe that there will be hundreds of women in automobiles before the present time is over."

1. *Chlorophyll a* (Chl a) and *Chlorophyll b* (Chl b) are the two main photosynthetic pigments in green plants. They are responsible for capturing light energy and converting it into chemical energy through the process of photosynthesis. Chl a is the primary pigment, while Chl b acts as an accessory pigment, transferring energy to Chl a.
